

PGA TOUR SUPERSTORE

FEBRUARY 28, 2018

MARCH 28, 2018

APRIL 25, 2018

6:00 - 7:00 PM

EXPERIENCE ADAPTIVE GOLF

Hosted by PGA Tour Superstore instructed by Ron Regner, Class A PGA

Join the PGA Tour Superstore, Adaptive Golfers and Infinite Fitness for this monthly series.

This complimentary **FREE** community clinic is designed for those seeking to learn the skills of "ADAPTIVE GOLF" for children, juniors and adults with physical/mobility, sensory, health, age, and/or cognitive challenges. Golf is for all ABILITIES.

Whether you have played before and want to get back or just beginning, let us guide you to play to the best of your potential. Golf has many cognitive and physical benefits and can even be used as a therapy. Golf is an independent activity, it is just you, the ball, the hole and neither the ball or the hole cares if you roll it with your nose or how many strokes you take. We can get you started!

What you will experience:

- Gripping techniques
- Putting Techniques
- Chipping Techniques
- Driving Techniques
- **FUN**

No matter what your "different ABILITY" is, we can help you uncover resources, aids, and instruction to get you GOLFING.

SUPPORT IS NEEDED

If you or your organization would like to sponsor this, and other Adaptive Golfers events and appearances or hire Gianna to speak at your next event or conference please contact Gianna Rojas – One Handed Lady Golfer Founder of Adaptive Golfers (973) 632-1321.

**Charitable Tax Deductible Donations are accepted*

Location:

295 Route 17 South
Paramus, NJ 07652
p: 201.649.9170
