DuPont Country Club / DuPont Course

1001 Rockland Road, Wilmington, DE 19803

Nestled within the historic Brandywine Valley in the State of Delaware, the DuPont Country Club was originally built as an amenity and benefit for DuPont Company employees. In 2001, the course was updated by architect Lester George to better meet the needs of today's golfers.

The Yes U Can USA Golf Classic will be played on the signature championship DuPont Course, formerly the home course for the LPGA/McDonald's Championship. In addition, the course has hosted the Delaware State Championship, U.S. Amateur qualifying events and many prestigious regional and local tournaments. The par 71 DuPont Course features five sets of tees to choose from, with yardages measuring from 5,255 yards to 7,120 yards.

Well-designed fairways and greens enhance the subtle shot making and short game required to score well – strategically placed bunkers add to the challenge. The course rating is 71.2 and the slope rating is 127 on bent grass.
