### Check and Credit Card Payments

As a service to our members, payment of dues and entry fees for tournaments is available by personal check and credit card. The average charge to NAGA for credit card charges is 6%. In recent years, returned checks and denial of payment on credit card charges have become more pronounced and much time is being expended to resolve the issue.

Beginning January 1, 2003, the following policy will apply to any payment to NAGA for dues, entry fees or miscellaneous charges for returned checks or denial of payment on credit card remittances:

A letter or e-mail will be sent to notify the player that the check or credit card charge has been denied. The notification will specify that the amount due must be paid by a certified check or money order (US funds) to satisfy the obligation. If a payment is rejected for a tournament entry fee, **the entry will be denied** until the obligation is paid. The member will be placed in "non-member status" until all obligations are satisfied, including a fee of \$25.00 US added to all applicable charges of rejected check/credit card.

Should the NAGA member fail to rectify within thirty (30) days of notification, a new application for membership and the appropriate fees will have to be made for reinstatement.

**Denial of Entry** means that the entry to the event is not accepted. In the case where entries are limited by player spot availability, it could result in not participating in the event.
